Risk management processes are in place to minimise the chance of injury occurring but injuries still occur despite this. It is strongly recommended that students wear any applicable personal protective equipment relevant to this physical activity. The Department of Education does not have personal accident insurance cover for students. If a student is injured while participating in an activity, all costs associated with the injury are the responsibility of the parent/carers. Some incidental medical costs may be covered by Medicare and/or by your private health insurance provider, if applicable. Decisions about private insurance cover/level of cover are decided by parents/carers. Please take this into consideration in deciding whether or not to allow the child/student to participate in this activity.
Medical Information	Qualified first aid personnel will be on site and student medical information; student emergency contacts and first aid kit will be on hand. An ambulance will be called if required. Milne Bay lifeguards will collaborate with HSHS staff to monitor students while swimming. Please note that if a student's swimming ability isn't deemed at a safe level for the swimming carnival event, they may be asked to stop and be assisted to exit the pool before completing their event.
Permission	Please note that as this whole-school event is a part of the annual school routine, permission for students to attend is given at enrolment. There will be no alternative supervision option for students.
